## Fresh Cuts From Jennifer

Dear Ladies of Tuckahoe,

Well, we are off and running! It was so great to kick off our new year with 58 members out at Kelly's. I am hopeful that those of you who were not able to join in person were able to feel a little connected with the video of the meeting.

It is apparent to me that even in this time of Covid, when uncertainty abounds, there are many things that I am certain of... the creativity of our members, the enthusiasm for new members, conservation, holiday and spring sales, our community and the collective desire to stay connected through a mutual love of gardening and flowers. We are some lucky ladies indeed.

So, happy fall to each of you. And PLEASE take time to enjoy this newsletter and do NOT forget to scroll through Board Reports as there is much important news here.

Jennifer

Tuckahoe Garden Club  
2020-2021 Guidelines for Health & Safety

*There is nothing more important than the health and safety of our members during this time of Covid-19. To that end, Tuckahoe Garden Club will observe the following guidelines for this program year:*

- Our Tuckahoe Garden Club will follow the guidelines set forth by the State of Virginia in regard to covid-19 protocols (numbers of congregants at meetings, face coverings, etc).*
- If you or someone you are in close contact with has had known exposure to persons with covid-19, please refrain from attending any club-related activity for a minimum of two weeks.*
- Face coverings shall be required at all gatherings, both inside and outside, and ask that all members maintain social distancing*
- Attendance monitoring will be waived but all members are encouraged to attend as many meetings as they are able and feel inclined.*
- Both the September and October meetings will be held in outside venues.*
- Hospitality will be creatively organizing drinks and snacks for meeting so as to be single-serving and easily picked up by individual members.*
- There will be extra masks and hand sanitizers at all meetings for any members who may be in need.*
- We will continue to employ decision-making in a fluid manner, adapting to changes in the ever-evolving health situation around us. This may include meeting cancellations/postponements, possible venue changes, and ZOOM meetings as an option.*
- The TGC website will be the primary source for any changes that may be required this year. Members will be directed there, via email, as changes are required.*
